

7th October 2025

Dear Parents and Carers,

During parent consultations on Thursday 16th October would you please ensure you keep all children with you whilst you are on the school site. Last year, we had a child injure themselves on the jungle gym, we also had to intercept some younger sibling who were trying to climb over the fence to our pond! There is no adult supervision on the playground during parents evening and it is also very dark.

I realise that it is not ideal to have younger children with you in consultations but the first priority needs to be safety.

Thank you for your understanding.

Nick Bonell
